Battery & Charger Stands & Stations Hardwood Battery Station

The BHS Hardwood Battery Station (HBS) is available in a range of models for any application. The HBS comes standard with plastic decking (hardwood is available upon request) and charger shelf. Models can be custom built to any specifications. Note: Drip Pan Kits are available specific to HBS.

Battery & Charger Stands & Stations

Hardwood Battery Station

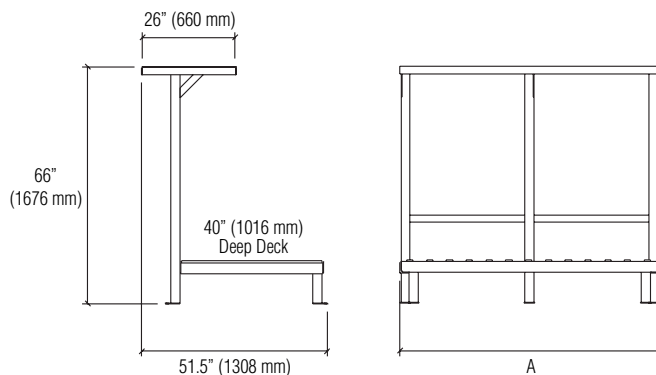

Hardwood Battery Stations (HBS) are the ideal battery storage solution for overhead extraction applications such as the BHS Gantry Crane.

Features & Benefits

- Heavy duty frame construction for added reliability
- Charger shelf standard on all models
- Decking made of recycled polyethylene is acid resistant, nonconductive and environmentally friendly
- Custom-built models made to your specifications
- 12" (305 mm) standard height from floor to top of plastic interlay
- CR-1 Cable Retractor mounting holes
- SB connector mounting holes
- Charger shelves come slotted allowing for optional 6" (152 mm) shelf extension between stands
- Charger anchoring slots for securing most makes of chargers
- Dust rail constructed at tapered angle in center of stand preventing accumulation of debris

Available Models

Model	Overall Stand Width (A)
HBS-30	30" (762 mm)
HBS-42	42" (1067 mm)
HBS-60	60" (1524 mm)
HBS-72	72" (1829 mm)
HBS-84	84" (2134 mm)
HBS-96	96" (2438 mm)
HBS-108	108" (2743 mm)
HBS-120	120" (3048 mm)
HBS-144	144" (3658 mm)

Available Options

Wood Interlay (HBS-WI)

Hardwood decking

Note: Plastic decking is standard

Charger Shelf Rearward (HBS-RWD)

Increases overhead access to the hardwood deck

Charger Shelf Forward (HBS-FWD)

Space saving shelf design for battery rooms where space is limited

Charger Shelf Center (HBS-CTR)

Required for 3-ton systems

Drip Pan Kit (DP)

Contains spills maintaining a more clean and safe environment

Without Charger Shelf (-1)

When ordering, add suffix -1 to model number to indicate HBS without charger shelf

Wood Sideways (-WS)

For use with narrow batteries to prevent tipping

Note: Add suffix -WS to model number when ordering

HBS-96

HBS-72-1
